Full Stack Web Developer leveraging a psychology background and using its concepts to create an engaging user experience. Proven ability to lead and collaborate with others to achieve common goals. Known for great time management skills, a tireless work ethic, and thriving in challenging environments that foster growth. Earned a certificate in Full Stack Development from the University of North Carolina.

TECHNICAL SKILLS

Git, HTML, CSS, Javascript, Python, Swift, JQuery, React.js, API technologies, ASP.NET, MySQL, MongoDB, Node.js, Express

PROJECTS

Random Password Generator

https://github.com/jamespericles/Random-Password-Generator |
https://jamespericles.github.io/Random-Password-Generator/

- This application allows the user to specify four types of character sets they would like to include in a randomly generated password, with lengths between 8-128 characters.
- Responsible for creating a lightweight application that generates a random password.
- Used: HTML, CSS, and Javascript.

Employee Management System

https://github.com/jamespericles/Employee-Management-System

- This project utilizes Node.js and MySQL to create a complex CLI application.
- Responsible for creating an application that utilized Node.js, Inquirer, and several different queries to a database within MySQL.
- Used: Javascript, Node.js, Inquirer, and MySQL.

EXPERIENCE

Bartender   2019 – 2020
Bartaco   Raleigh, NC

- Awarded Front of the House MVP for the year of 2019, recognized formally by management in-front of my peers for the best overall performance of any front-of-the-house employee
- Charged as a lead bartender responsible for the completion of morning prepwork and time management as well as effective communication between team members and leaders to ensure as aspect of the business ran smoothly.
- Operated effectively in any of the four positions on the bar.
- Cultivated an effective team through training of most new bartenders

Behavioral Technician   2019 – 2019
Butterfly Effects   Raleigh, NC
- Completed a three month training program including 30 hours of at home study paired with eight hours of in-person training to become a certified Behavioral Technician.
- Successfully implemented behavioral restructuring plans for clients on the autism spectrum.

Shift Manager   2014 – 2016
Pita Pit   Bel Air, MD
- Promoted to shift manager after only three months of work, while still in High School.
- responsible for ensuring those under my management took and completed all orders in a timely manner, the register was always balanced, and the store was left in perfect condition for the next shift.

EDUCATION

Full Stack Web Development Certificate: University of North Carolina, Chapel Hill, NC
A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.
